

Complete Communications, Inc. (CCI) Signs Strategic Partnership Agreement with Broadvox

Clinton Township, MI – 04.06.09 – Complete Communications, Inc. (CCI), announced the establishment of a strategic partnership with Broadvox, a leading provider of IP Communication solutions for SMBs and enterprise customers. As a Broadvox Partner, CCI is positioned to provide optimized, cost-effective SIP Trunking solutions to businesses across Michigan.

SIP Trunking allows customers to take advantage of immediate cost savings that range between **40-70%** as a result of converging local, long distance and broadband internet services onto a single pipe with dynamic bandwidth allocation. Other features include unlimited local calling and lowered long distance rates, legacy system compatibility, disaster recovery and instant scalability where customers can add capacity as needed and control monthly recurring costs. Broadvox can also provide new or port existing numbers nationwide with phone numbers from over 7,000 rate centers.

"We are excited about providing the Broadvox SIP Trunking capability to our customers," said Mike Meldrum, CCI President. "It is a win-win situation – our customers will receive substantial cost savings as a result of leveraging SIP Trunking solutions, have the opportunity to significantly improve their communication system reliability, and take advantage of enhanced functionality and scalability."

"Broadvox is very pleased to have CCI join our Partner Program. CCI represents the very best in VoIP/SIP communication solution providers with a strong product offering and well trained engineers," said David Byrd, VP Marketing and Sales. "The reliability and quality of our network is well complemented by the service and support provided by CCI to its customers."
