

Complete Communications Share Olympic Values

I was on the **edge of my seat** Sunday night as I watched team U.S.A. face Canada, what a game! Over the past two week, we've seen athletes from around the world constantly pushing the limits and breaking Olympic records. Day after day, these athletes demonstrated endurance, focus and drive. Team USA may not have won Olympic hockey gold in Vancouver, but they sure won our hearts and utmost respect. At the end of competition, the US successfully brought home **37 medals**, and shattered a number of Olympic records. **It was an exciting 2 weeks!**

Relentless in our own pursuit of excellence, and determination to endure the greatest economic challenge the US, specifically Michigan has faced, CCI continues to remain focused and push our team to the limit. We are excited to announce that as a result of our service, support, volume and technical expertise, CCI has been awarded the 'gold' medal from Panasonic - we are the **#1 provider in Michigan**.

What does this mean for our clients and Michigan? It means we have the opportunity to influence product incentives to the benefit of our customers, which will lead to continued growth within Michigan - driving up employment and revenue in our hometown. At CCI we're just as committed to winning in the marketplace, as the Olympic teams are winning their gold. **We are actively engaged and proud to be part of Turning Michigan Around.**

With that said, I recently challenged my team to embrace social media - specifically **LinkedIn**, to help us stay connected with our clients. **We discovered first hand just how powerful and beneficial a tool like LinkedIn can be for our business, and I want to share this success with you.** So, I have hired a LinkedIn Specialist to host a 2 hour awareness/training session on **Tuesday, April 6th at 9:00 AM** where your staff can learn the basics of LinkedIn and how to use it for the benefit of your business. This is our way of saying **Thank you** for helping us win the "Panasonic Gold" award and a way to be sure **our clients** leverage every avenue to **stay ahead and succeed.**
