

Start 2010 off right.

This year, make a resolution you can keep.

If you're like most people, getting in shape is always on your list of New Year's resolutions. Sometimes that's easier said than done. This year, why not focus on getting your communications solution in shape?

CCI will help keep your **communication technology fit** all year long:

- Upgrade your system to match your budget
- Make planning easy with a built-in refresh program
- Stay organized with our online asset tools
- Eco-friendly with our zero-landfill, refresh technology for local charities

Unlike most resolutions, CCI will stick with you from beginning to end.

Happy New Year!

Complete Communications, Inc.
